Harry Bertoia - Bird Chair

1952 for Knoll International

details

Bertoia Bird ChairHarry Bertoia 1952
The Bird Chair is an astounding study in space, form and function by one of the master sculptors of the last century.
Like Saarinen and Mies, Bertoia found sublime grace in an industrial material, elevating it beyond its normal utility into a work of art. Harry Bertoia's wire chairs are among the most recognized achievements of mid-century modern design and a proud part of the Knoll heritage.
